

## CHAPTER SIX

# TEST DAY FOLLOW UP

**DID YOU HAVE A STUDENT THAT COULD NOT PROVIDE A SAMPLE?**

If you had any students who could not provide a sample in the allotted two-hour timeframe, contact their parent or guardian to explain this. Remember that membership is contingent upon a negative sample. We need you to call parents to be able to offer your in-person perspective about why a sample was not produced.

If this was for an initial test, offer to add the student to the next test day so that their membership can be confirmed. If this was a random test, explain that the result is considered as a positive test until a negative sample can be confirmed.

As you are wrapping up your Test Day, there are just a few things to consider:

1. Since the paperwork that the collectors have gathered at the end of the day now shows results, use caution in observing the packaging of the paperwork.
2. The Collector will package up the testing paperwork to be sent to DFCA.  
*Reminder-as the Chapter Coordinator, you are not to handle the paperwork in any way to stay in line with DFCA's confidentiality requirements.* However, once the packaging is sealed, if the Collector would like you to schedule a FEDEX pick up, you can do so by calling 1-800-GO-FEDEX.
3. Assist the collectors in finding where to make copies of their testing paperwork (if they want copies for their records).
4. If you have any membership payments for DFCA, please send those to:  
Drug Free Clubs of America  
10361 Spartan Drive  
Cincinnati, OH 45215
5. Goodie Bags are not just for DFCA Members. Please thank your volunteers and collectors by telling them to grab one of each item just like your members.

**EVERYTHING YOU JUST DID IS  
HELPING TO “MAKE THE RIGHT  
CHOICE *EASY*” FOR EACH STUDENT  
THAT WAS TESTED TODAY!**

**THANK YOU SINCERELY FOR  
BELIEVING IN THE POWER OF THIS  
EFFORT AND FOR TAKING ACTION TO  
MAKE IT HAPPEN.**

**YOU ARE TRULY MAKING A  
DIFFERENCE!**
